TRAIL EXPERIENCE FEEDBACK

We are in the process of developing the Discovery Trail interpreted learning and we are interested in your experience with the questions; the information; the graphics, video, and audio materials; the timing; your learning; and your ability to connect with the forest. Any information you are willing to share is greatly appreciated!

1. What were the most interesting parts of the Discovery Trail interpretive experience?

2. What were the least interesting parts of the Discovery Trail interpretive experience?

3. How would you rate the length of time you spent on each trail stop?
   a. Very fast
   b. Fast
   c. Just right
   d. Slow, long
   e. Very slow, long

4. Are there any specific trail stops you think too way too long?

5. Are there any specific trail stops you think worked really well?

6. How would you rate the balance of media, forest experience, information, and interactive questions? Check all that apply.
a. Good balance  
b. Too little media  
c. Too much media  
d. Too much information  
e. Too little information  
f. Too many questions  
g. Too few questions  
h. Too much direct forest experience  
i. Not enough direct forest experience

7. Are there any specific examples you can provide of where on the trail this balance is effective?

8. Are there any specific examples you can provide of where on the trail this balance needs the most attention?

9. What did you learn during the trail experience?

10. What did you enjoy the most about the trail experience?

11. Any suggestions to make the trail experience more effective?
